

CW1308B telephone cables are suitable for the internal or external connection of telephone systems and other communications equipment.

The cables are insulated and sheathed in LSZH, making them an extremely cost effective general signal cable for fixed installation. The standard sheath colour is black and other pairs are available.

Features & Benefits

- Conforms to BT Specification
- Stocked in 10, 20, 50 & 100 pairs
- Other pairs available upon request
