## Pre-terminated optical fibre patch cord

### Outdoor FC/PC

Single-mode (SM) optical fibre patch cord Pre-terminated with FC/PC connectors for the connection of network elements, usually of the optical LNB range. Equipped with a shielded stainless steel tube covering the fibre as well as a traction protective aramid mesh (kevlar) and an LSFH ultraviolet radiation-resistant sheath. It can therefore be used outdoors and even under ground. Supplied in individual packing.

## Highlights

---

- Low attenuation
- Kevlar protection and flexible stainless steel tube

## Main features

---

- G.657A2 fibre type
- LSFH cover with UV protection, grey colour
- FC/PC connectors
- Available in different lengths
