

Fibre Optic Cabling

Customer Demarcation Boxes

Connectix Customer Demarcation Boxes are used within the entry locations of a customer building, enabling a housing for connectors through the fabric of a wall within FTTH environments. Often connecting single or dual SC/APC and LC/APC single and dual fibre drops, the boxes are available in internal (white) and (internal/external (black) variants.

Connectix Internal Demarcation Box 00A-010-555-01
