Our due diligence procedures aim to:

- Monitor potential risks in our business and supply chains
- Reduce the risk of slavery and human trafficking occurring in our business and supply chains.

Risk and Compliance

The Company has evaluated the nature and extent of its exposure to the risk of slavery and human trafficking occurring in its UK supply chain through:

- Evaluating the slavery and human trafficking risks of each new supplier.
- Reviewing on a regular basis all aspects of the supply chain based on supply chain mapping.

We do not consider that we operate in a high-risk environment because our supply chain does not include countries that are considered high risk and we operate within low-risk industries..

We do not tolerate slavery and human trafficking in our supply chains. Where there is evidence of failure to comply with our procedures by any of our suppliers, we will seek to terminate our relationship with that supplier immediately.

Effectiveness

The Company uses Key Performance Indicators (KPIs) to measure its effectiveness and ensure that slavery and human trafficking is not taking place in its business and supply chains. These KPIs are as follows:

- We will contact suppliers to enquire about their modern slavery practices every 24 months.

Next Steps

In the next financial year, we intend to take the following steps to tackle slavery and human trafficking by:

- Initiating external supplier audits throughout the supply chain.
